EDUCATION

Rochester Institute of Technology

Bachelor of Science, New Media Interactive Development

Rochester, NY

August 2019 – December 2023

WORK EXPERIENCE

Zeta Gamma Sigma

Intern Web Developer

Rochester, NY

November 2025 - present

- Currently developing a website using WordPress for the sorority's New York chapter.
- Implemented members-only pages, databases, and memberships for the sorority's sisters.

Agape Haven of Abundance

Part-Time Technology Assistant

Rochester, NY

October 2024 - December 2025

- Improved the accessibility, cross-platform compatibility, and visual identity of the nonprofit's Squarespace website.
- Designed advertisements and official documents for both internal and external use.
- Compiled data from records and documents into easily readable Microsoft Office formats.

Jay C Auto Repair

Intern Web Developer

Morgantown, WV

November 2024 - February 2025

- Constructed the local business's 4-page website from scratch using HTML, CSS, and JavaScript.
- Instructed the business's owner how to host the website on his own and keep it updated.
- Ensured a consistent brand identity across physical and digital mediums.

ENALAS

Intern Web App Developer

Victor, NY

June 2021 - December 2021

- Developed a responsive web application for the Shopify-based website of local business Teak Tuning.
- Applied to the position with a JavaScript prototype that served as a basis for the final product.
- Reviewed and tested code with a senior developer to ensure functionality and adherence to coding standards.
